Rules for Status and Quantity Behavior

- ****Status Changes from "Complete":****
 - ****To Pending:**** Status → "Pending," quantity restocked (e.g., 30 → 40).
 - ****To Rejected:**** Status → "Rejected," quantity restocked (e.g., 30 → 40).
 - ****To Accepted:**** Status → "Accepted," quantity restocked (e.g., 30 → 40)
- ****Item Deletion:****
 - | - Item removed from cart, quantity restocked (e.g., 30 → 40).
- ****Quantity Changes in Cart:****
 - Allowed Quantity Changes to particular item in the Cart regardless of status, {Accept, Pending, Completed, Rejected}
 - Deduction occurs when status is marked → "Complete" (e.g., 40 → 30 for 10 units).
- ****Stock Status Update:****
 - **Available quantity > 0:** "Out of Stock" → "In Stock."
 - ***(Implied)* Available quantity = 0:** "In Stock" → "Out of Stock."
 1. Excel Upload / Update of the Available Quantity Update the Quantity and the Status
 2. Individual update of the Quantity in the Single Product Detail Page
